Verification for Tax Filers

- With limited exceptions all income tax verification must come directly from the IRS either by:
- IRS data retrieval (02 flag on ISIR) using FAFSA on the web

Or

- Tax return transcript (does not need to be signed)

2

To obtain tax return and account transcripts from the IRS:

- 1-Via the internet at www.irs.gov
 - New for 2013 tax year IRS "Get Transcript Online" tool displays PDF transcript on the website
 - Via phone by calling 1-800-908-9946
- Via mail or fax by completing IRS form 4506T-EZ (tax return transcript) or 4506-T (record of account)
 - Internet and phone requests; transcripts mailed to the tax filer's address within 5-10 days
 - Submission of Form 4506T-EZ or 4506-T can authorize the mailing of a transcript to a third party (such as the school) but can take up to 30 days.
 - Return Transcript for Taxpayer (RTFTP) can be obtained at an IRS field office

When transcripts are unavailable

In instances where the tax filer attempted to request an IRS Tax Return Transcript and was unsuccessful

- Signed copy of relevant IRS tax return
- AND
- Communication (signed by tax filer) from IRS stating request was unsuccessful
 - Letter from IRS
 - Screen shot print
- AND
- Completed and signed IRS Form 4506 T-EZ or 4506 T listing institution as third party

4

When transcripts are unavailable(cont.)

- If there is no reasonable doubt about the accuracy of the paper tax return, maintain copy of 4506 T or 4506 T-EZ in student's file and no further action is required
- If there is reason to believe the paper tax return is inaccurate, must send IRS Form 4506 T-EZ or 4506 T to IRS and wait for response before verification can be completed

5

Amended tax returns

If the institution is aware that an amended tax return was filed, to complete verification, the applicant must submit—

- ▣ IRS Tax Return Transcript or (If transcript is unavailable) Signed copy of the relevant tax return
AND
- ▣ Signed copy of the 1040X that was filed with the IRS

6

Identity Theft

- Victims of identity theft who cannot obtain their transcript can call the IRS at 1-800-908-4490 or visit the ID theft website on irs.gov and get an alternate transcript known as the TRDBV (transcript database view)

7

Filing extensions of tax returns

- Filing extensions – school must accept a copy of IRS form 4868 (automatic extension) or if past the automatic filing extension a copy of the IRS approval of the additional extension **and** all the W2 forms for each source of employment or a signed statement for self-employed individuals.

Non tax filer documentation

- For non-tax filers with income from work – certification of non-filing status and all the W2's or a signed explanation* as to why the W2's are not available along with the amounts earned from work.
- *Prior to accepting a signed explanation duplicate W2's should be requested from the issuing employer if the originals were lost.

Non tax filer documentation (cont.)

- For non-tax filers with no income from work – re-certification of non-filing status on verification worksheet.
- If the institution questions the claim that a tax return has not been filed an “IRS Verification of Non-filing Letter” must be obtained. Note this letter does prove the student is not *required* to file a tax return.

Other verification related issues:

- Must complete verification before doing a professional judgment on income.
- Can use professional judgment to update marital status after FAFSA has been filed only if ISIR was selected for verification by the Department or the school.
- Must complete verification before making any financial aid disbursements

Identity Verification Result Reporting

- Schools must report results of Department selected Verification tracking groups V4 and V5 on FAA access to CPS online using the **Identity Verification Results** option for those students the school had requested documentation from.

Author: Jeff Baker, Director, Policy Liaison and Implementation, Federal Student Aid

Subject: Reporting Verification Results of an Applicant's Identity and High School Completion Status Using FAA Access to CPS Online

In a **November 13, 2013, Electronic Announcement** we described the process where, beginning on January 1, 2014, institutions must report the verification results of identity and high school completion status for applicants whose 2014-2015 ISIR had a Verification Tracking Group of V4 or V5. In a subsequent **Electronic Announcement posted on April 4, 2014**, we provided information on how to upload a "flat file" of these V4 and V5 verification results to the FAA Access to CPS Online website.

This Electronic Announcement provides clarification on (1) which FAFSA applicants institutions must report on, (2) the conditions for each Identity Verification Results value, and (3) when must results be reported. As a reminder, reporting an applicant's response to an institution's request for V4 and V5 identity and high school completion status documentation is in addition to, and does not replace, normal required verification status results reporting to the COD System as outlined in the **September 29, 2007, Electronic Announcement**

FAFSA Applicants

Reporting verification results for groups V4 and V5 is required only when the institution has received an ISIR that indicates that the Department has placed the applicant in Verification Tracking Group V4 or V5 AND the institution has requested that the applicant submit the required V4 and V5 documentation. Institutions should not report applicants where the institution and not the Department selected the applicant for verification nor for applicants for whom the institution did not request documentation (e.g., institution's policy is not to request documentation for applicants who are not enrolled or who have not been accepted for enrollment).

Conditions for Each Identity Verification Results Value

The following describes the circumstances that apply for each of the V4 and V5 verification results values that are used when reporting using FAA Access to CPS Online.

Verification Results Value Of		
----------------------------------	--	--

	Report When	Description
Value = 1	Verification of both identity and high school completion status were satisfactorily completed by the applicant in person, and no issues were found.	The applicant appeared in person, presented acceptable government-issued photo identification, signed the Statement of Educational Purpose, and presented (not necessarily in person) acceptable documentation of the high school completion status as indicated on the ISIR.
Value = 2	Verification of both identity and high school completion status were satisfactorily completed remotely by use of a notary, and no issues were found.	The applicant submitted an original notarized Statement of Educational Purpose, a copy of his/her government-issued photo identification, and acceptable documentation of high school completion status as indicated on the ISIR.
Value = 3	Verification was attempted, and no issues were found with high school completion, but issues were found with identity.	The applicant presented (not necessarily in person) acceptable documentation of high school completion status as indicated on the ISIR. No documentation of identity was submitted or the documentation that was presented was not acceptable and no signed or notarized Statement of Educational Purpose was received. NOTE: If issues were found with both identity and high school completion status, use Results Value 3.
	Verification was attempted, and no issues were found	The applicant presented (either in person or with an original

Value = 4	with identity, but issues were found with high school completion status.	notarized statement) a signed Statement of Educational Purpose with an acceptable government-issued photo identification. Either no documentation of high school completion status was presented or the documentation that was presented was not acceptable.
Value = 5	The applicant did not respond to the request for documentation or the applicant could not be located.	Verification of neither identity nor high school completion status was completed and no signed or notarized Statement of Educational Purpose was received because the applicant did not respond to the request for documentation or the applicant could not be located.

Please refer to the [Federal Register](#) notice published on June 13, 2013, for information on acceptable documentation for verification of both identity and high school completion for 2014-2015.

When Must Results Be Reported

The 2014-2015 [Federal Register](#) notice (to be published soon) that provides the deadline dates for reports and other records associated with the 2014-2015 award year will provide that reporting of the results of an applicant's identity and high school completion status using FAA Access to CPS Online must be submitted no later than 60 days after the date the institution requested that the applicant provide the required documentation. Because the [Federal Register](#) notice has not yet been published, institutions will have until 60 days after the date the [Federal Register](#) is published to submit their first 2014-2015 reporting. We will post an Electronic Announcement to our IFAP website when the [Federal Register](#) is published.

Note that institutions must update any V4 and V5 results that change. For example, if a "5" was reported because the applicant had not responded to the institution's request, and the applicant later submitted the required documentation, the institution must submit another record for the applicant with the updated status.

Please direct any questions you may have on the information provided in this Electronic Announcement to Federal Student Aid's Research and Customer Care Center Staff. Staff is available Monday through Friday between the hours of 9:00 a.m. and 5:00 p.m. (Eastern Time) at 1-800-433-7327. After-hours calls will be accepted by an automated voice response system. Callers leaving their names and phone numbers will receive a return call the next business day. Alternatively, you may e-mail the Care Center at fsa.customer.support@ed.gov

V6- Verification of other untaxed income

- Must review ALL W2's for each source of employment income received for tax year 2014 to determine if there was other untaxed that was not transferred in the IRS Data Retrieval Tool or that did not appear on an IRS Tax Return Transcript that was not or incorrectly reported on the FAFSA.

V6 Determining adequacy of income

- Institutions should use reasonable judgment when evaluating the validity of the income information provided by students and parents who are placed in Verification Tracking Group V6, and are therefore asked to provide information on how they financially supported themselves or their families. We understand that the term "reasonable" may differ among institutions, and may depend on student demographics and experiences. Just as institutions are given the option to accept a statement from students and parents as acceptable documentation for household size, number in college, untaxed income, etc., institutions may choose to accept a signed low-income statement, an income-to-expenses comparison, or other documentation as determined by the institution. Such documentation will allow students or parents to clarify how they supported themselves and, if applicable, their families. This support may include: receipt of public assistance, veteran's educational benefits, or other income that is not included on the FAFSA; shared-living arrangements that drastically reduce living costs; instances of poverty or homelessness; or documentation of low-living costs.

College diploma mill definition

- 1. Charges someone a fee and requires him or her to complete little or no education or coursework to obtain a degree, diploma, or certificate that may be used to represent to the general public that he has completed a program of postsecondary education or training; and
- 2. Lacks accreditation by an agency or association that is recognized as an accrediting body for institutions of higher education by the Secretary (pursuant to Part H, Subpart 2 of Title IV) or a federal agency, state government, or other organization that recognizes accrediting agencies or associations.

Checking the validity of a high school diploma

- Schools must evaluate H.S. Diplomas received to ensure they were not issued by a “Diploma Mill”.
- Does the State in which the “High School” is located recognize the validity of the diploma issued?
- Foreign High School diplomas/transcripts should be evaluated by a service that specializes in evaluating foreign credentials.

Cincinnati BBB

Cox Diploma Program - A Diploma Mill?

Jocile Ehrlich, President & CEO

June 2, 2011 [Print Pitch](#)

Cox Diploma Program has stated to BBB that they are an alternative school, providing home-based education for adults ages sixteen and up. However, BBB was shocked to find students were required to do little or no high school-level coursework to get a diploma. Instead, students were only required to pay \$50 and pass a take-home exam consisting of 58 questions.

Related Pitches

[Want to remove these?](#)

Students are led to believe that a diploma from Cox Diploma Program will qualify for admission at several local colleges and universities; however students tell us the diploma is rejected when the students apply for college.

Some consumers report that they requested refunds on this basis but the business denied their requests. Complaints against this business are pending while BBB awaits a response.

A Cincinnati woman, who took the exam, says that the test offered by Cox Diploma Program doesn't measure high school-level coursework. Some exam questions are either exceptionally easy for a high school student to answer, or are so poorly written that they are almost impossible to answer. For instance, in the math section, students are asked to "Multiply your 4's and then taking each answer by the power of 6".

Students are given 45 days to complete the exam. If the student fails to pass the exam, the student may re-take an equivalent test for an additional \$25 fee. Students are also charged \$20 fees for transcripts.

Cox Diploma Program specifically names several local colleges and institutions on their exam materials, implying that the diploma will be accepted there.

Fortis College, DeVry University, ITT Technical Institute, Southern State Community College, Mount St Joseph, Eastern Kentucky University, Cincinnati State, Gateway Community and Technical College, School of Medical Message, and all branches of the military.

BBB asked the business to provide evidence that the diploma has been accepted by these institutions, as their exam implies; however as of today the business has not provided this information.

BBB has asked the owner and teacher, June Cox if the school is accredited by any academic institution. The business states in their advertising that they are "listed with the National Education Association or NEA". BBB finds the advertising to be misleading. Not only is Cox Diploma Program not listed with the NEA, but the NEA is a labor union, not an academic accrediting body.

The Ohio Department of Education advises consumers if they have reason to believe a school misrepresented itself or failed to deliver the product or service, consumers can file a complaint with the Ohio Attorney General's office. The link to the online consumer complaint form can be found at <http://www.ohioattorneygeneral.gov/SpeakOutOhio/File-a-complaint>.
